

## ENCAMPMENT GROUND MAY SOON BE DEEDED BACK TO THE CITY

### Resolution Has Passed Senate and Will Come Before the House Some Time Today

### Historical Ground Could be Utilized for Various Purposes---How the Land Was Acquired.

Great interest is now being taken by the people of Newark and Licking county as to what disposition will be made of the State Camp Grounds, one mile west of the city, in case it reverts to the city, which now seems to be almost assured, as the Atwell resolution, providing for this very thing, was adopted by the Senate on Wednesday, as was mentioned in yesterday's Advocate. Some of the finest specimens of ancient earthworks in the state are on this land giving it in addition to its intrinsic value, a historic worth which would be of great attraction to visitors. One of the strongest arguments made by Senator Atwell for the return of the land to Newark, since it has been abandoned for encampment purposes, was that it might be converted into a park or other useful purpose, which would insure the preservation of this handiwork of the Mound Builders. During the past 17 years these old grounds which in ages gone by, were no doubt the scene of many stirring events, have had quite a history.

The law creating a State Encampment Ground, was passed by the General Assembly under the Campbell administration in 1891. This law provided that the camp grounds should be located within 60 miles of the geographical center of the state. The law provided for the appointment of a commission, consisting of three members, which was composed of Adjutant General T. D. Dill of Mansfield, Surgeon General H. A. Hart of Wooster, and Col. E. J. Pock of Columbus.

Great interest was manifested all over Central Ohio in the project and great competition on the part of various cities competing was made.

Several mass meetings were held in Newark, and Senator W. E. Miller, Col. W. C. Wells and Captain F. G. Warden were appointed as a committee to do all they could towards securing the prize for Newark. This committee, composed as it was, of some of the most enterprising citizens of Newark, worked diligently to attain the desired end, beginning in April, and never letting up until the prize had been landed through the efforts and the efforts of the Board

of Trade and of every citizen in the place. From the first the committee did most active work, setting forth the many advantages offered by Newark and what it would be to the state to maintain and preserve these magnificent prehistoric earthworks, which were known as the "Circle" and "Octagon" forts.

The committee visited Columbus and met the commission numerous times, on several occasions being accompanied by large delegations of enterprising citizens. They had charts and maps prepared which showed the location of the site we had to offer, as well as showing the location of every company in the Ohio National Guard. Railroad connections and facilities were taken into consideration and Newark's committee showed to the commission that we could land every company in the different military organizations of the state at the camp grounds in Newark, several hours sooner than they could reach any competing sites offered the state.

The work of endeavoring to land the prize in Newark continued until the evening of November 3, of the same year, when a decision was rendered on election night at 6 o'clock. The decision was unanimous on the part of the commission, that all things considered, Newark's proposition was decidedly the best made, and it had been decided that the state encampment grounds be located here.

Upon receipt of the news the enthusiastic citizens of Newark proceeded to jollify. Strangers in the city could not imagine what had broken loose, and wondered if our people had received political news that would warrant such a demonstration. It was not long, however, before they knew the cause of the jubilation. Huge bon-fires were built on the public square and the principal streets, fireworks were shot off, a most brilliant display, bands played and the people went wild with enthusiasm and many were the congratulations received by the citizens and members of the committee who had worked so long and so faithfully to attain the desired end.

After the matter had been decided

in favor of Newark, the committee still continued its work and secured several handsome appropriations to restore those parts of the earthworks that had been marred by the plow of the farmers who previously owned the land.

The city of Newark and the county voted to issue bonds for the purchase of 141 acres of ground, which election was almost unanimous in favor of the proposition. These bonds were prepared and sold, the ground purchase and presented to the state for encampment purposes, with a provision in the conveyance to the state that upon failure of the state to use the grounds for encampment purposes, the land should revert back to the city and county.

Quite a number of regiment, brigade and division encampments were held on the grounds, which attracted thousands of people from all over the state, and every visitor was delighted with the grounds. It was the opinion of all visitors that the state had acted

## RULER

### King's Cousin May Become Some Day

### TO WED MISS ELKINS

### Italy Will Not Regard Abruzzi's Match Morganatic

### If Marriage Occurs New Duchess Will Have Bested All Amer- ican Heiresses.

Washington, March 19.—With the Duke of the Abruzzi and Miss Katherine Elkins, the girl in whom he will yield all right to a throne to wed, both in Washington, society is awaiting eagerly the announcement of their engagement, which is expected before the end of the week.

Miss Elkins' Washington friends have always felt that it was merely a question of time when the engagement would be announced and they feel sure that that time has now about arrived. They point with pride that it is not merely rank that Katherine Elkins is marrying, but brains and achievement that would have won distinction in whatever position the mar had been born to. They do not believe that settlements will figure to any extent in the preliminaries

moved through the close friendship between Cardinal Gibbons and Senator Elkins.

That the Duke has resolved to give up his bachelor life and wed the American heiress at any cost, friends here say, is an assured fact. And here they see in real life fulfilled the tales of romance.

Should Miss Elkins become the Duchess of the Abruzzi she will have bested all the American heiresses who have wedded European nobles. Neither the Duchess of Marlborough nor even the Duchess of Manchester have in their husbands persons so close to a European throne as Miss Elkins would have.

The Duke is a blood cousin of King Victor Emmanuel of Italy, and should the ruler die there are only two persons between him and the throne. One is the baby Crown Prince and the other is the Duke d'Aosta, Abruzzi's older brother, so that it is not at all impossible for the prospective husband of Miss Elkins to be made ruler himself.

The Duke traveled secretly to America as plain Mr. Sarto to enjoy the happiness of her society, and eagerly declaring that he will not return to his native country until he can take her with him as his bride. At the same time asserting that he

## WATER WORKS QUESTION INTELLIGENTLY DISCUSSED BY NEWARK CITIZEN

### Favors Bond Issue For \$300,000 to Complete Plant as a Whole In- stead of Patchwork

### Would Give People a Chance to Vote on Proposition And if it Fails \$85,000 Ordinance Would Still be in Force.

A well known Newark resident, in conversation with an Advocate man on Wednesday evening, began discussing the water works question, wondering how long the city would be tied up from making appropriations for other purposes while the full amount allowed by law for the year, \$85,000, was being made use of each year in adding little by little to the water works plant, and attempting to build it at an increased cost, by patchwork.

The citizen said: "It seems to me that if this matter were put to a vote of the people once again, now that they understand the situation better and have some idea of what the actual cost is to be, we could issue bonds to cover the engineer's estimate, say \$300,000 worth, and have the business completed in about a year, and be done with all of this bother."

"The engineer's estimate for the total cost of the new plant, is \$271,000. Now, if, according to the plan the city has started working along we have to appropriate \$85,000 at a time, it's going to be the hands of the city, financially, for the next four or perhaps five years to come. Having appropriated the limit, we cannot make any appropriations for anything else without holding off our water works construction, and besides only \$85,000 worth of 'finishing' can be done in any one of these years."

"There is no use in saying," continued he, "that we could get anything else done in Newark that would require any sort of appropriation, until we had entirely completed that water work."

"I would suggest that council repeal the \$85,000 appropriation ordinance, and give the people another chance to vote on the \$300,000 bond issue. Then after this appropriation ordinance is repealed, we might

consider the purchase of the old plant, if that is desirable.

"Either move, I think, would be a big saving over the present plan which will keep the city behind for the next four years."

"When this question was up to the people at the polls the most of them were not familiar with it; they had heard no figures, and doubted that it could be completed for \$300,000. Be side that, I think that it will cost less now to build the plant to completion than it would have cost three years conditions. For instance—the difference in all bids on city work as compared with three years ago."

"One of our city councilmen is quoted to me as saying that he would greatly favor such an action and would gladly introduce such a resolution before the council if he believed that the majority of the council favored the idea as do many other thinking citizens."

In discussing this subject, this councilman thought it would be wise to submit a proposition to the people for the full amount necessary to complete the plant, and, at the same time, specify a provision in the proposition, that if it carried by vote of the people it would repeal the \$85,000 ordinance.

"Then," said the councilman, "if the proposition failed to carry, the \$85,000 ordinance would still be in force and effective and available for the Board of Public Service."

### SCHOOL BUILDINGS UNSAFE.

Toledo, March 19.—Not a single school building in this city is free from criticism in the report of the committee which inspected them and which was filed with the mayor. Some of the buildings are declared veritable fire traps and extensive changes are recommended. The cost of the improvements proposed is \$125,000.

## LOOKS

### Belie the Statement That He is Well and Happy

### TAKING NEEDED REST

### Ex-president Cleveland Celebrates Seventy- First Birthday

### Aged Statesman Looks Pale and Haggard and Shows Effect Of Illness.

New York, March 19.—In the quiet, fine air of Lakewood, N. J., Grover Cleveland, ex-president of the United States, passed his 71st birthday anniversary Wednesday in company with his wife and family, Dr. Joseph W. Bryant, his family physician and lifelong friend, and Miss Ella Heckler, a trained nurse and special attendant.

Mr. Cleveland's health is reported to be failing rapidly, though his doctor declares there is nothing serious about his condition and that he is merely here for a much-needed rest.

However, the looks of the great man belie this statement, for his face is thin and haggard, his shoulders are decidedly stooped, and such a hold have rheumatism and gout gained upon him that his progress is slow and painful.

He had planned to go South on his annual gunning and fishing excursion but the effects of last winter's grip have not been allayed sufficiently to make that trip pleasant at this time.

When seen by a reporter and asked about his health, Mr. Cleveland said: "I'm well and happy; and isn't that enough? You may tell the whole country that if you like. This is one of my best birthdays, and my mind and my time want to be perfectly free."

In spite of the forced cheerfulness of this announcement, it was noticed that his voice was but a thin thread compared to the full tones so well known to the majority of Americans.

Mrs. Cleveland seemed to confirm the reports of her husband's feeble health when she said: "We are here for an indefinite stay, and we are planning to enjoy ourselves very much in our quiet way."

## WITNESS

### IN LAW SUIT DIES ON STAND IN OPEN COURT FROM NATURAL CAUSES.

### Hung Head on Breast and When Urged to Reply to Question Was Found to be Dead.

Mt. Vernon, Ill., March 19.—Geo. McBride, aged 50, died while on the witness stand in the county court, here yesterday. McBride was a farmer and lived south of Mt. Vernon. He was in good health when he walked into the court room after coming from his home in the country. McBride was questioned closely about the case in which he was an important witness, and he seemed embarrassed and would frequently drop his head when questioned. To one question he refused to answer: his head hung on his breast. When urged to reply it was found he was dead.

The next case on the docket to be called was "The People of the State of Illinois vs. George McBride, for trespass." The verdict of the coroner's jury was death from natural causes. McBride leaves a wife and seven children.

### SCALE COMMITTEE'S REPORT ADOPTED

Indianapolis, March 19.—With few changes the international convention of mine workers today adopted its scale committee's report. Briefly stated, the policy is that separate districts may adopt wage contracts with their operators, that such contracts with operators, shall be for one year, and that the scale shall provide for "not less than the present wage rates."

## PITTSBURG AGAIN THREATENED WITH DAMAGING FLOOD

Pittsburg, March 19.—With both the Monongahela and Allegheny rivers already surging torrents and rising at the rate of six inches an hour Pittsburg is preparing for one of the worst floods in its history. Forecaster Pen-y-wit has issued warning to expect a flood stage of 33 feet, possibly 35 feet, by tomorrow morning. This will exceed by three feet the recent disastrous flood and it is predicted that

the losses will run into millions. Railroad schedules are badly disarranged on account of numerous landslides. Passenger tracks of the Pennsylvania railroad for eight miles are out of commission. Heavy rains are reported today at many of the upper stations in the Monongahela and Allegheny valleys. At 10 o'clock this morning both rivers had passed the flood stage of 22 feet.

## MARINES BEING HELD IN READINESS FOR HURRIED LANDING

Port au Prince, Hayti, March 19.—Danger of trouble in Hayti is not over. Against foreigners the bitterest feeling exists. President Nord Alexis continues to strengthen the garrisons of Port Bisoton and Alexandre. Guns have been mounted commanding the

harbor. Diplomatic representatives here and at Gonaives still consider themselves in grave peril. Commanders of the cruisers Indefatigable and Bremen here and D'Estrees at Gonaives are holding marines in readiness for a hurried landing.

MISS KATHERINE ELKINS

PHOTO BY GUTENBERG

They feel that even the consent of the King and parliament will not prove a stumbling block; that everything was arranged before the Duke left Italy last month, and that it is merely the courtesy that demands that the King should have first news that keeps the public announcement for the present in abeyance.

Any difficulties that might arise from the difference in faith, it is expected here, would be readily re-

solved by the Duke's own declaration that he will start for home soon after Easter.

And meanwhile from the official seal of his royal cousin and master comes all sorts of indications of dire wrath at his domes, with formal de-hials, first of his whereabouts, and next of his royal engagement, and then the assertion that within a few days formal announcement will be made of his betrothal to a Princess. (Continued on page 4, 2d col.)

## Wall Paper Talk

No. 15.

### Effects

The effect on one's temper of the decorations of one's wall is astonishing. Whether one visits, reads, thinks or romps with children, it may be entered into more heartily if our environments are attractive. With colors harmoniously and correctly arranged the effect is most soothing.

The new idea in decoration partakes far more of simplicity than it did twenty years ago.

The "medium" is always safest, and one of the most popular things with artists, architects, decorators are the Fab-Ri-Ko-Na Woven Wall Coverings. They may be used alone or combined with almost any decorative medium according to the dictates of one's fancy.

Come in and let us show you combinations and colorings that are just adapted to your home.

Colors for correct wall coverings.

### Valuable Recipe For Home-made Cough Cure

This recipe will give you a pint of unequalled cough medicine—enough to last the whole family a long time. It may be made in five minutes, is pleasant to take, and usually cures a cold or deep-seated cough in twenty-four hours.

Granulated Sugar Syrup, 13% oz. Pinex ..... 2 1/2 oz.

Three-quarters of a pound of granulated sugar will be enough. The 2 1/2 oz. of Pinex can be had of any druggist for 50 cents. Mix in a clean pint bottle. Shake well. Take a teaspoonful every one, two or three hours as required. Well cooked, it keeps for many months.

Pinex is the pure and highly concentrated extract of Norway white pine tar. It contains the highest known proportion of guaiacol, the curative element which has made the Norwegian pine forests famous for centuries in the cure of consumption.

The pure Pinex is not to be confused with any of the numerous pine tar or pine oil preparations. All druggists have it or will get it if requested.

## ARGUMENTS

MADE TO THE CIRCUIT COURT NOW IN SESSION IN THIS CITY.

Decisions Will be Announced Later—Juvenile Court in Session—Real Estate Transfers.

Circuit court in Wednesday's session heard the following cases and reserved decisions until a later day:

Arguments of counsel were made to the judges of the Circuit court in the cases of James Callan and Robert Scott, plaintiffs in error, vs. Frank C. Hoffer, in which Callan and Scott ask the Circuit court to reverse and set aside a verdict against them for \$500. Scott and Callan at the time the matter happened, were police officers in this city, and were called by the proprietor of the Seiler Hotel to arrest Hoffer. When Scott and Callan arrived at the hotel they found the defendant in error at the ladies' entrance, holding on to the knob of the door, shaking the door. Callan and Scott claimed that they believed Hoffer was drunk and arrested him. On the trial of the Common Pleas court Hoffer claimed that he had an epileptic fit, to which he was subject. The jury found for Hoffer and awarded him \$500 damages. Smythe & Smythe; Kibler & Montgomery.

The case of Benj. Wright, plaintiff in error, against the State of Ohio, on complaint of Bessie Simpson, was argued by Kibler & Montgomery for the plaintiff, and Smythe & Smythe for the defendant, being a proceeding to reverse the judgment of the Common Pleas court in favor of the defendant in a paternity case, the claim being made that the verdict of the jury was not sustained by sufficient evidence, and was against the evidence.

The case of Arlington C. Nessley against The Anchor Fire Insurance company to reverse the Common Pleas court for failing and refusing, on the motion of Nessley, to render a judgment on the verdict of the jury in his favor for \$900 on a policy of fire insurance for damages resulting from a fire loss. The Smythes and Kibler & Montgomery represent the plaintiff and Norpell & Norpell the defendant.

The case of Charles Follett against the City of Newark was argued by C. H. Follett and Frank Bolton, being a proceeding to reverse the judgment of the Common Pleas court which was for the city in a suit in which Follett claimed damages for the use of a strip of land at the corner of Elmwood avenue and Locust street, claimed to be used by the city for a street.

The case of the Zanesville Electric Railway company against Mary Lane was submitted on a petition in error to reverse a judgment against the company for damages which were alleged to have been sustained while the defendant, Mary Lane, was a passenger. It is claimed that the judgment was erroneous in several particulars. The attorneys engaged were Pomeroy of Columbus and Owens of Mt. Vernon.

The case of Columbus, Newark and Zanesville Electric railway company vs. Mary Lane, was argued and submitted to the Circuit court. The railway company asks the Circuit court to set aside the verdict of the jury awarding damages to Mary Lane, who was a passenger on a street car, and was injured while alighting. The railway company claims that she was guilty of contributory negligence in getting off of the car while it was in motion. She claims that while she was in the act of alighting, the car started suddenly, jerking and throwing her to the pavement. Pomeroy; Owen.

Albert A. Stasel, receiver, etc., vs. Wm. E. Miller, et al., argued and submitted. Plaintiff asks to recover on a note for \$1,610.00. Stasel; Kibler & Montgomery, Hunter.

Albert A. Stasel vs. N. Q. Fleming. This case is on trial to the jury, a number of witnesses having been summoned. The suit is brought to determine the title to a right of way from the land of plaintiff out to the public highway. Stasel, Flory & Flory; Hunter, Kibler & Montgomery.

Illegal Practice of Medicine. An affidavit was filed in Justice Holton's court Thursday by Dr. B. F. Barnes, charging Dr. A. A. Taylor with the illegal practice of medicine in Newark. Dr. Taylor came before the justice and the trial was set for March 27, at 9 o'clock.

Alimony Case Decision. In the Probate court Thursday a hearing was had in the alimony case of Bessie Spicer against Emory Spicer. The parties are young people of Bennington township, and were married on March 15, 1905. One child, now two years old, was born of the marriage. Plaintiff says her husband left her on December 1, 1907, and that he sold all his personal property and left for parts unknown. She charged him with habitual

Only One "BROMO QUININE," that is Laxative Bromo Quinine Cures a Cold in One Day, Grip in 2 Days

on every box 25c

drunkenness, infidelity, extreme cruelty and gross neglect of duty. The evidence sustained the charges to the satisfaction of the court and the court ordered the homestead, valued at \$1000, on which there is a mortgage of \$900 awarded to her, and a lump sum of \$500 and the custody of the child.

Foreigners Fined. Adam Manhart, Nick Lola Steffen and Nick Manhart, foreigners, were arrested by B. & O. Railroad Detective J. W. Roberts, on the charge of each taking a pair of trousers from a B. & O. car. They were also charged with taking and carrying away a bed spring and a bed. Justice Holton fined them each \$5 and costs, which they paid.

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Newark Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Newark proof:

C. E. Walton, 129 Valendingham street, Newark, O., says: "A few years ago I gave a statement setting forth the merits of Doan's Kidney Pills and at the present time, I gladly confirm that testimony. Prior to using this remedy my kidneys were inactive for a number of years and caused dull pains across the small of my back which often changed to sharp twinges. The constant standing necessary in my occupation greatly aggravated my trouble and at times I suffered misery. Hearing of Doan's Kidney Pills I procured a box at Grayson's drug store, started taking them and they quickly banished every sign of my trouble. I think very highly of Doan's Kidney Pills and am constantly recommending them to other sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## JAIL SENTENCE

HUSBAND WOULD NOT GIVE HER MONEY AND SHE THROUDED HIM.

Announces She Will Give Hubby Another Licking When She is Released.

New York, March 19.—"For beating one husband, five days in the Richmond county jail."

That was the sentence imposed by Magistrate Stake on Mrs. Barbara Schenck, 25, who pummeled her aged husband—he is just twice her age—because she says he wouldn't give her money. The couple were married two years ago, but lived together but a few months. Since then Mrs. Schenck has been living with her mother at Rossville, Richmond. On the day the assault was committed Schenck had his wife and her mother in court on a summons.

The party left the court room and in the corridor Mrs. Schenck punched and slapped her husband. She was arrested. After being sentenced by Judge Stake she attempted to repeat the beating but was restrained. She announced that when released she would give him another beating.

## LEGAL NOTICE.

The County Commissioners of Licking County, Ohio, will receive sealed proposals at their office in the Court House at Newark, Ohio, until 1:30 p. m., March 20th, 1908, for performing the labor and furnishing the material necessary to the erection of the superstructure for a steel bridge on Church Street over Racoon Creek, in the City of Newark, Ohio.

Proposals will also be received for performing the labor and furnishing the material necessary to the erection of the above named location. The plans and specifications are on file and may be seen at the office of the County Auditor and office hours of each business day. Contractors may submit proposals on plans other than those on file and they will be considered by the Board of County Commissioners. A certified check for the sum of seven hundred and fifty dollars, made payable to the Board of County Commissioners of Licking County, must accompany each proposal, as a guarantee that the bidder will enter into a contract within five days. Blank forms upon which bids must be made will be furnished upon application to the County Surveyor. The right is reserved to reject any or all bids.

By order of the Board of County Commissioners.

J. N. WRIGHT, County Auditor.

J. L. GILPATRICK, County Surveyor.

2-27-dHurs

## DEBATING INITIATIVE AND REFERENDUM

Columbus, March 19.—The House of Representatives spent the entire morning until recess today in discussing the initiative and referendum resolution without coming to a vote on any amendment. No limit is being placed on the debate and many speeches are being made for and against the measure.

The Great Northern Railway company will pay the State of Minnesota nearly \$1,000,000 in taxes this year.

## MINSTRELSY

WILL HOLD FORTH AT GRANVILLE ON NEXT TUESDAY EVENING.

Philo Literary Society Will Present "Lady of the Lake"—News of College Town.

Granville, O., March 19.—On next Tuesday evening, March 24, the people of Granville and the students of old Denison will be given an opportunity to witness one of the most original and entertaining performances ever featured by Denison students. On this occasion the Denison Dandy Dicks will give their annual entertainment. The main features in the minstrel show will be Fox, Huffman, Thurston and Elvin, whose songs and end men's gags are bound to make a big hit. Mr. Marsh, who will act as interlocutor, is especially good in this capacity. Mr. Marsh, Harold Thomas and Walter Livingston will sing solos. Mr. Hoppe's "College Comedy Cocktail," will be one of the principal features of the entertainment. The play is a laugh provoking comedy which portrays college life. Various specialties will be presented, including the "Dutch Dance," a clever dialogue act, and Eddie Carver's own inimitable "take-offs." In fact the show is so full of the good features that it is impossible to enumerate them all.

Tomorrow evening the members of the Philo Literary Society of Shephardson college, will present Scott's "Lady of the Lake" at Reclinal Hall, and will take the place of the usual spring extra. Judging from the amount of work the young ladies have been devoting to the rendition of the play, something out of the ordinary may be expected.

At a meeting of the Callopan Literary society of Denison university the following officers were elected: President, W. B. Storm; vice president, Clyde Holloway; recording secretary, C. E. Brown; critic, Joseph H. Lloyd; treasurer, Kenneth Jewett; chaplain, A. A. Dirk; trustee, Samuel Bridges; prosecuting attorney, Dean Hart; sergeant-at-arms, Howard Maloney.

On Tuesday morning every member of the faculty basketball team appeared in chapel wearing a carnation in honor of the victory over the Senior class team Monday.

Warren K. Moorshead, ex-'88, D. U., curator of the Phillips Andover Academy Museum, has commenced to publish "The Great Stone Age" which he expects to be his life work.

Mr. and Mrs. Charles Evans, of Bucyrus were in the village Wednesday for a short time, on their way home after a short visit with their daughter, Mrs. Ella Richards, in Columbus.

Thomas Crane, a prominent young business man of Toledo, was in town Wednesday for a short time.

Daniel P. Orent, D. U. '05, is now assistant electrical engineer of the storage battery department of the Westinghouse Machine company, Pittsburgh.

Paul McKibben, '06, has recently been taken into the Gamma Phi fraternity, one for graduate scientific students and Phi Rho Sigma medical fraternity at the University of Chicago.

Alexander Roberts, the well known colored barber, has leased the room on the south side of Broadway, now occupied by H. Samsel, and will occupy it with a first class tonsorial parlor after April 1st. Mr. Samsel will occupy the room in the basement of the Jones block.

Altamaha Lodge, No. 296, Knights of Pythias, held one of the largest and most enthusiastic meetings of the year Wednesday night. Quite a number of visitors were present and witnessed the work of conferring the Esquire and Knight ranks on one candidate, which was performed in a highly creditable manner.

The Raccoon creek was booming Thursday morning and was out of its banks, and considerable damage has been done by the high waters.

## FOREST GLEN.

Mrs. H. W. Priest spent Wednesday with her sister, Mrs. Amos Myers of Perryton.

Messrs. A. J. Demorest and Bert McArthur were callers at Newark, on Monday.

Mrs. H. W. Priest and little daughter Lizzie spent Saturday in Newark. Miss Dell Scott of Fallsburg spent

## Don't Wear A Truss

Brooks' Appliances is a new scientific discovery with automatic air cushions that draws the broken parts together and holds them as you would a broken bone. It absolutely holds firmly and comfortably and never slips. Always light and cool and conforms to every movement of the body without chafing or hurting. I make it to your measure and send it to you on a strict guarantee of satisfaction or money refunded. I have put my price as low as I can, and I feel sure you can't get a truss better than mine at a reasonable price. C. E. BROOKS, 6733 Brooks Bldg., Marshall, Mich.

Pittsburg, March 19.—Today's cattle receipts light; market steady. Tidy \$5 25@6 00; fair \$4 90@5 25; common \$4 60@4 80; mixed \$4 65@5 00; heavy \$4 90@5 00; pigs \$4 35@4 65.

Sheep and lambs: receipts 10,000; estimated for Friday 5,000; market strong; 19 and 25c higher. Native sheep \$4 25@7 00; western sheep \$4 50@6 35; native lambs \$5 75@7 65; western lambs \$6 75@7 85.

Pittsburg, March 19.—Today's cattle receipts light; market steady. Tidy \$5 25@6 00; fair \$4 90@5 25; common \$4 60@4 80; mixed \$4 65@5 00; heavy \$4 90@5 00; pigs \$4 35@4 65.

Sheep and lambs: receipts 10,000; estimated for Friday 5,000; market strong; 19 and 25c higher. Native sheep \$4 25@7 00; western sheep \$4 50@6 35; native lambs \$5 75@7 65; western lambs \$6 75@7 85.

No matter how beautiful the rhinoceros may think of himself, he doesn't blow his own horn about it.

Thursday with her aunt, Mrs. William Priest.

Mrs. Marion Dunn and children of Wilkins spent from Saturday till Monday with friends here.

Mr. and Mrs. C. A. Weekly and children spent Sunday at the home of William Piast.

Mr. T. McWilliams of Pleasant Valley called on J. C. McArthur Wednesday.

## LIBRARY TRUSTEES

Will be Appointed by Mayor Atherton on April 1—Will be Two Ladies and Four Gentlemen.

Although Mayor Atherton has not yet announced the names of his appointees on the list of library trustees, the appointments will be made on April 1, at which time two trustees will be appointed to serve until September 1, 1908; two until September, 1909, and two until September, 1910. The ordinance provides for the appointment of two ladies and four men.

## MUST BE VERY BAD

Columbus, March 19.—The Cincinnati Lexowens decided Thursday to ask the General Assembly for an appropriation of \$50,000 to carry on an investigation into Hamilton county corruption.

## MME. GOULD HAS ARRIVED

New York, March 19.—Accompanied by her three children, Mme. Anna Gould, former Countess Castellane, arrived here today on the White-Star liner Adriatic. Her visit here is expected to last several months and she is said to have made no definite plans for returning to France. Prince Heli De Sagan, cousin of Count Boni, who has been and ardent suitor for Mme. Gould's hand since her divorce, is expected here within a week.

A Higher Health Level. "I have reached a higher health level since I began using Dr. King's New Life Pills," writes Jacob Springer, of West Franklin, Maine. "They keep my stomach, liver and bowels working just right." If these pills disappoint you on trial, money will be refunded at F. D. Hall's drug store. 25c.

No matter how beautiful the rhinoceros may think of himself, he doesn't blow his own horn about it.

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

## GENUINE CASTORIA ALWAYS

Bears the Signature of

*Chas. H. Fletcher*

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

## POST CARD

Assists Police in Finding Missing Knox County Girl in Newark on Wednesday.

A picture postcard showing a pretty girl sitting on a vine covered porch, was the means of returning a wayward Knox county girl to her father Wednesday afternoon. The girl, according to a letter received by Chief Zergiebel from her father, was inclined to be wayward and several days ago she disappeared from her home.

It was believed she had come to Newark, so Officer Hager was detailed on the case. He secured the postcard and started his search. The girl was not found around her usual haunts, but later in the afternoon he officer took her from an "interurban" car as she was returning from Columbus with a girl friend.

She was taken to her father and they left on the evening train for their home in Knox county.

Horse clippers and sheep shearing machines at Newark Hardware Co., 23 West Main street. d16-61w1.

## FREDONIA.

Mrs. Frank Brooks, who has been ill with the grip, is much improved. Mr. James McFadden is able to be out again after a few weeks illness.

Mr. Ansel Bailey is slowly improving after an attack of pneumonia.

Mrs. Eva Atherton of Chatham visited Fredonia friends Monday.

Mr. and Mrs. Paul Griffith spent last week with the former's parents, H. E. Griffith, of the Welsh Hills.

## THOUGHTS ON BUSINESS

BY  
WALDO PONDRAY WARREN

## A TASK FOR REFORMERS

THE effort to reform humanity should not always begin at the bottom. Sometimes it is wise to begin at the top, and sometimes in the middle—and always where the soil is worth the seed.

In speaking of this matter recently a man of wide business experience said:

"There is a big field waiting for reformers. It is not among the so-called lower classes, where so much reform effort is spent, and where a good deal of it is no doubt wasted. It is among the people who are represented by the 'average employee' in our great mercantile and industrial institutions. It is a sad fact that only a very small percentage of these people are really in earnest—that is, are really trying to do their best."

"What per cent would you say?" I asked.

"Not over five per cent," he replied. "I really think that would be a high estimate."

"Oh, you can't mean that!" I exclaimed.

"Yes, I do," he asserted. "It may vary a little in different establishments, and in different kinds of work, but in general that is just about where the matter stands. My observations are wide, and cover a period of twenty years. Something should be done to turn back the tide of indifference and shiftlessness which spreads through this class of employees in nearly every business establishment."

(Copyright, 1907, by Joseph B. Bowles)

In Oklahoma, Mrs. Dodson also read an article from Oklahoma.

This was surely a splendid meeting, with a good attendance.

Mrs. Brooks will have charge of the devotional next Tuesday. All are made welcome.

## DAVIS-PARKER.

Mr. Amos A. Davis, son of James Davis, and a prominent farmer of Eden township, and Miss Nellie Parker also of Eden township, were married by Justice W. F. Holton. They will live on the farm in Eden township.

TROLLEY  
ACCIDENTRESULTS IN SERIOUS INJURY TO  
THIRTY PEOPLE EARLY  
TODAY.Injured Were Extricated from Smashed  
Up Cars and Taken to Ne-  
bary Hospitals.

Philadelphia, March 19.—Thirty persons, five of them women, were very seriously although not fatally hurt, when two trolley cars collided at the intersection of Market and Sixth streets today. The collision was due to a misunderstanding of orders and a Sixth street car, running at full speed, crashed into a Market street car amidships. After a half hour's work the injured were extricated and taken to hospitals. The most seriously hurt were Marguerite Robb, passenger, and John Piston, motorman.

GOV. GUILD AT  
DEATH'S DOOR

Boston, March 19.—Governor Curtis Guild, who has been prominently mentioned as Massachusetts' candidate for vice presidential honors at the next republican national convention, and who has been regarded as the first choice of Taft and managers, is lying at the point of death at his home here. He is suffering from a complication of grip and rheumatism and the latter malady has affected his heart.

## HEAVY STORM

Passes Over County Wednesday  
Night—Considerable Wind, but  
Little Damage.

A spring shower and a March wind were the prime elements dealt out by the weather man to this section of the state Wednesday. Although the wind blew at a good, strong velocity last night and was accompanied with quite a little lightning and thunder, no serious damage has been reported from the surrounding communities.

The high wind crossed some telephone wires over the city, but able trouble men were soon on the spot with the remedy. Waters of every stream in the county are running high and while many of them are already far beyond their banks, it is believed that there will be no trouble of a serious nature, unless the rain storm is repeated tonight. In such a case there is danger of many damaging floods.

Proof is inexhaustible that Lydia E. Pinkham's Vegetable Compound cures women safely through the Change of Life.

Read the letter Mrs. E. Hanson, 304 E. Long St., Columbus, Ohio, writes to Mrs. Pinkham:

"I was passing through the Change of Life, and suffered from nervousness, headaches, and other annoying symptoms. My doctor told me that Lydia E. Pinkham's Vegetable Compound was good for me, and since taking it I feel so much better, and I can again do my own work. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound did for me during this trying period."

**FACTS FOR SICK WOMEN.**  
For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

## PERSONALS

Mr. Eugene Hannon is seriously ill at his home on West Main street.

Mr. J. E. McFarland has changed his residence from Bethesda to Quaker City, Ohio.

Mr. B. G. Schilling of 93 Oakwood avenue, is confined to his home with a bad case of grip.

C. A. Strubling, a prominent architect of Columbus, was in the city on Thursday on business.

Mr. and Mrs. Fred Schumann of Marietta were the guests of Mrs. M. M. Brown of Tuscarawas street last week.

Homer Sheppard, son of the Rev. Mr. Sheppard of Essex street, East Newark, is reported improving after an attack of pneumonia.

Mrs. John Mango of Sonora, is visiting at the home of her sister, Mrs. Kate Morrison of Wing street, East Newark, who has been ill for some time.

Miss Miriam Trout, daughter of the Rev. and Mrs. W. W. Trout of Tuscarawas street, who has been attending school at Ohio Wesleyan, Delaware, has returned to her home for a short vacation.

Mrs. L. V. Stillwell received a message Thursday morning from Fredericktown, informing her that her mother, Mrs. C. A. Kirby, was seriously sick. Mrs. Stillwell left for Fredericktown on the first train.

Big skate and dance at the Palace rink tonight. Ladies free. 1t

Horse clippers and sheep shearing machines at Newark Hardware Co., 23 West Main street. d16-6twt

**CARD OF THANKS.**  
We desire to thank our friends and neighbors who assisted us at the death and burial of our mother, Elizabeth Stumpf. Also for the beautiful floral offerings, and Rev. Mr. Scholes and choir, who ably assisted The Children.

OLD RAILROAD  
TIME CARD

The attention of railroad men is called to an old time card in the window of the Advocate, that is old enough to vote twice. It is a timetable of the Central Ohio railroad, dated December 11, 1864. At that time this road was operated between Columbus and Belleaire, but is now known as the C. O. division of the Baltimore and Ohio railroad. The card shows but six trains, three express, and one accommodation and two freight trains each way, taking care of the entire traffic. The card is 44 years old, is the property of Mr. William Dearduff, switchman at the Fourth street crossing. Mr. Dearduff thinks that this is the first copy of a timetable that he ever received, as he went to work about this time.

The Pan Handle division of the Pennsylvania lines west is receiving a large number of cross ties from the inner sections of the state, which will be used in the spring season work of placing the tracks of the lines, both east and west, in condition. Says the Wheeling Intelligencer: The work of distributing these ties along the different divisions is also being done on instructions from Pittsburgh.

**Damage to Interurban.**  
Wednesday afternoon at 3 o'clock, lightning burned out the transformer at the Newark substation, at the car barns, on Church street, necessitating the running of all cars by direct power from the Hebron station. All cars were off their schedule time for many hours, the Granville car losing two trips. The damage to the machinery will amount to about \$300. Everything will be in good shape by Friday.

## NICE PROMOTION

Mr. Wm. Peterman, Assistant Foreman in B. & O. Boiler Shops Meritoriously Advanced.

Mr. William Peterman, who for some years has been occupying the position of assistant foreman in the boiler shops at the B. & O. railroad shops in this city, has just been promoted to the position of foreman of the B. & O. railroad shops at Cleveland, and left for that place last night.

Mr. Peterman took service with the B. & O. in the boiler shop, this city, ten years ago as an apprentice. He thoroughly mastered the trade and four years ago was made assistant foreman, and so well and efficiently did he perform his duties that he has been called higher. In due course of time he will remove his family to Cleveland.

## PILES! PILES! PILES!

Williams' Indian Pile Ointment will cure Blind, Bleeding and Itching Piles. It absorbs the tumors, allays the itching at once, acts as a poultice, gives instant relief. Williams' Indian Pile Ointment is prepared for Piles and itching of the private parts. Sold by R. W. Smith, Newark, 50 cents. 1

## THE SIGN BRINGS CUSTOMERS

But it surely depends on where it is placed. If put in a wilderness it would be unreasonable to expect much trade. When you put a where it is in "The Advocate," you multiply your chances for good results.

EIGHTEEN WORDS, THREE TIMES, TWENTY-FIVE CENTS. BOTH PHONES 59.

## THE BIGGEST MONEY MAKING BUSINESS

It is a fact that for the capital invested there is more money being made from the manufacture of drug and proprietary remedies than any other line of business in existence. I can cite scores of instances and furnish statistics to prove this assertion.

No business in the country offers better opportunity for big profit than The National Drug Company. This company recently purchased the business of The Life Plant Company, and in addition to the famous Life Plant remedy owns and controls formulas for over a hundred remedies which will be manufactured in extensive laboratories to be established in this city.

The people of Canton and vicinity are invited to assist in developing this enterprise, and are given an opportunity to participate in its exceptional profits through a purchase of a division of its stock which is now being offered.

I will be glad to give information relative to any detail of the business or our plans to any one interested.

**ROBERT B. DAVIS,**  
General Mgr.

The National Drug Co.,

Canton, O.

## AMUSEMENTS

### ORPHIUM THEATER.

No better comedy bill has been shown hereabouts in a very long time than that which holds forth at the Orphium this week, with the exception of Bissonette and Newman without a doubt one of the greatest band balancing acts ever seen here all the other acts run to a quiet line of fun making. In crediting the laughing bit of the show, the Stirlings perhaps had the shade the best through being better known to the Orphium audience. Certainly they have registered an enthusiastic reception all week. Miss Henney of Adair and Henney is a second Eva Tanguay, not alone in her costuming but in the poise of her head, the movement of her body and even to the fluttering of her scanty feet. Her dancing this week has been a veritable riot. She is just to the liking of the audiences, any audience, in fact. Mr. Adair helps the act wonderfully.

### SICK HEADACHE

Positively cured by these Little Pills. They also relieve distress from Dyspepsia, Indigestion and Too Heartily Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue, Pain in the Side, TORPID LIVER. They regulate the Bowels. Purely Vegetable.

**CARTER'S LITTLE LIVER PILLS.**  
Genuine Must Bear Fac-Simile Signature  
*W. D. Wood*  
REFUSE SUBSTITUTES.

with his splendid singing. Mr. Phil Morton is on rather early but manages to hold the interest of the audience at all times.

### OUR NEW MINISTER.

Melting charity toward the erring and helpless; sympathy that begins with a kindly greeting and ends with an insistence upon the acceptance of substantial help, are dominant qualities of "Our New Minister," the last successful drama of Denman Thompson and George W. Ryer. It overflows with the milk of human kindness, and in substance is a prayer against sham and shallowness, shrew and billy-shally morality. This season will doubtless witness the presentation here of many new plays. It goes without saying it will be a very long time before this familiar visitor which comes to the Auditorium to-night, is displaced from the affections of local playgoers by any of the newer things to come.

### THE BEAUTY DOCTOR.

In "The Beauty Doctor" which Fred E. Wright brings to the Auditorium tomorrow night, comic opera writer and librettist and music writer could hardly have found a subject that affords greater chance for satirical humor than this travesty on the prevailing craze for beauty culture. The subject offers so much that is new and novel in comedy lines, with musical accompaniment that "The Beauty Doctor" promises to be one of the real laughing musical comedies of the year.

### THE LION AND THE MOUSE.

Theater goers of Newark are to have the pleasure again of witnessing the starting play by Charles Klein "The Lion and the Mouse" which Henry B. Harris will present this wonderful day evening, March 24, with a cast of unusual strength and the production is in full keeping with the original performance here some time ago. "The Lion and the Mouse" is from the pen of Charles Klein, author of "The Music Master," and is unani-

mously voted by both press and public the most absorbingly interesting play of the period. Seats go on sale Friday morning.

### ROBERT MANTELL.

W. L. Hubbard after witnessing Robert Mantell's Shakespearian impersonations, bestows upon him the following encomium in the Chicago Tribune: "The manner in which Mr. Mantell portrayed Lear and Macbeth justifies the belief that in him the American stage possesses today the only actor it can call its own who is fitted to interpret the great tragic roles in Shakespearian drama." Mr. Mantell appears at the Auditorium in April.

## MONTE CARLO

Responsible for Exile of Austrian Nobleman by Father Who Was Angered at Losses.

New York, March 19.—Among the passengers in the second cabin of the White Star liner Cedric, in from Mediterranean ports was one who registered as Count R. Schirring.

He declared that he had been ordered from home by his father because of his losing \$200,000 in gambling at Monte Carlo. This statement was made after he had been released by the immigration authorities, who had detained him for half an hour.

"I lost the money in gambling at Monte Carlo for about four years," said the stranger. "I belong to the Austrian nobility, and our family has large estates in the northern part of Austria. My father is the Baron Schirring. He became angry at my constantly losing money, and at last he practically cut out my allowance."

"He sent me out of Europe, giving me \$150 to start with. I am going over to the postoffice now, and then I will go to representatives here who will give me \$1,000 which awaits me from my father. My father is also to send me \$150 every month on condition that I stay away. It means I understand, that I cannot return until he dies."

### WHY NOT CHANGE BOATS?

As has truthfully been shown by the terrible sacrifice of life in the Collingwood fire in order that changes and reform can be accomplished, in every order of things, it is necessary before such changes are made to have a sacrifice of lives or business. Referring to the article in the Cincinnati Enquirer of March 19, where the German-American alliance demands the scuttling of the Republican ship just because the above mentioned organization have been willing passengers on the ship for several years upon the holding out of Republican promises. Has not this Grand Old Republican Party shown our former German-American Democrats that the craft is rotten and condemned?

Instead of staying on the sinking old ship until all are lost why not change boats? All German-American Republicans should give this subject their most sincere consideration.

### GERMAN-AMERICAN.

Wanted, 25,000 people to drink Wiedemann's famous Beck Beer. The best that ever struck town. 14-6t

## STATE NEWS

### MAY ABANDON HIGH SCHOOL.

Bowling Green, March 19.—As the result of an inspection made by the deputy inspector of workshops and factories, Colonel E. S. Bryant, it may be necessary to abandon the Central High school building in this city. The rooms on the third floor were ordered closed at once and changes suggested in other parts of the building, which will necessitate an expenditure of from \$10,000 to \$20,000.

### BIG TANK EXPLODES.

Bellefontaine, March 19.—Because workmen looked for a leak with a lighted torch in a 100 gallon gasoline steel tank several narrowly escaped death yesterday in the terrific explosion that occurred. The tank which belonged to the Standard Oil company was demolished and the noise of the explosion could be heard for a great distance.

### TRAGIC DEATHS AT SAME HOUR.

Napoleon, March 19.—Two Henry county pioneers met a tragic death at the same hour yesterday. At Holgate William Cooper climbed on a freight train on a siding to cross the tracks and when it backed he jumped in front of a B. & O. fast express and was run over. Sampson Mann of Napoleon died from an overdose of calomel.

### RESUMES WITH FULL FORCE.

Dayton, March 19.—The Davis Sewing Machine works, which was idle for several weeks, has resumed work with its full force of 1300 employees. The company says that orders are coming in in such numbers as to insure a long period of steady work.

### RIDES ON TRACK; HIT BY TRAIN.

Piqua, March 19.—While riding a bicycle in the middle of the track yesterday Frank Moore was struck by a train and fatally hurt.

### WANT NEXT ENCAMPMENT.

Toledo, March 19.—Four cities have already entered the contest for the next encampment of the G. A. R. Seattle, Omaha, Salt Lake City and Atlanta have written to the committee having in charge this year's encampment in this city, submitting propositions.

### WILL GIVE WORK TO NEEDY.

Steubenville, March 19.—The Carnegie Steel company's plant at the Mingo Junction bid on and secured from the city council last night a \$50,000 sewer contract. They will use the contract to give employment to it idle workmen. The Carnegie plant at that place will pay for half the sewer in taxes, etc.

### SCARLET FEVER IN COLLEGE.

Alliance, March 19.—Scarlet fever has broken out among Mt. Union college students, and the fraternity house of the Sigma Alpha Epsilon society is quarantined. Jack Crumley, a student is critically ill, and all residents at the chapter house fear an epidemic.

### FALL ON ICE FATAL.

Norwalk, March 19.—Charles L. Adams of Pittsburg, formerly of Norwalk, and former foreman of the Lake Shore shops in this city, died last night at Miss Coe's sanitarium as the result of six strokes of paralysis caused by falling on the ice at Pittsburg.

### FOUR INCH HAIL FALLS.

Wilmington, March 19.—At 11 a. m. yesterday a violent rain and hail storm centered over this place. Wind-drops were broken and at the Lerwelts Sons' nurseries 1000 panes of glass were broken, and some damage done to growing plants. The Mooses green houses were more seriously damaged. Hailstones four inches in circumference fell.

### WAS AS DARK AS NIGHT.

Cadiz, March 9.—A severe storm visited this section at the state yesterday. The sky became overcast to such an extent as to produce darkness.

## For Your Digestion's Sake.

Why eat wood?  
Cellulose is like wood. It's in wheat. It should be milled out. Generally it isn't.  
You can't find a speck of it in Gold Medal Flour.

That's why it's so whole-some.

**Gold Medal Flour**

For Sale by Grocers

ness equal to night. Rain and hail fell in torrents. Steamers suddenly rose and overflowing their banks, did considerable damage.

### CADIZ MERCHANT DIES.

Cadiz, March 19.—A. J. Hammond a dry goods merchant, and a leading citizen of Cadiz, died early yesterday morning.

### METEOR FALLS IN STREET.

Bellefontaine, March 19.—A meteor having the appearance of a ball of fire, fell in the business street of Mt. Victory yesterday morning. It exploded when about two feet from the ground with a terrific report. Several persons narrowly escaped injury.

### BURNS BENEFACTORS' BARN.

Napoleon, March 19.—After Edw. Schultz, a farmer, of near Okolona, had granted permission to a stranger to sleep in his barn, the latter showed his gratitude by firing the building, which with four horses, machinery and hay, was consumed at a loss of \$5000, with little insurance.

### Rank Foolishness.

"When attacked by a cough or a cold, or when your throat is sore, it is rank foolishness to take any other medicine than Dr. King's New Discovery," says C. O. Eldridge, of Empire, Ga. "I have used New Discovery seven years and I know it is the best remedy on earth for coughs and colds, croup, and all throat and lung troubles. My children are subject to croup, but New Discovery quickly cures every attack." Known the world over as the King of throat and lung remedies. Sold under guarantee at F. D. Hall's Drug Store, 50c. and \$1.00. Trial bottle free.

## HEBRON LADIES

Have Interesting Sessions of the W. C. T. U.—Public Meeting Will be Held in April.

Hebron, O., March 19.—The W. C. T. U. of this place is doing splendid work, and a great deal of interest is manifested. The February meeting was held at the home of Mrs. J. R. Tibbles. The regular program of the evening was omitted, and Mrs. Lucy Van Kirk gave a very interesting and helpful talk, which was highly appreciated. At the close of Mrs. Van Kirk's talk light refreshments were served.

The March meeting was held at the home of Mrs. R. Clayton, and a very interesting program was carried out, at the close of which Mrs. Clayton served a very dainty lunch.

It has been decided to hold a public meeting in April at which time Miss Frances H. Ensign, state president, will deliver the address. The date of this meeting will be announced later.

### ITCHING, DISFIGURING, SKIN ERUPTIONS

Quickly disappear and the skin is left clear and velvety after using Dr. Hale's Household Ointment. Clean, pure and wholesome. Contains no poisonous ingredients. Results always gratifying and certain. At the City Drug Store. 25c.

### "STAR BRAND SHOES ARE BETTER." STEPHAN'S DEPT. STORE

### Legal Notice.

Sealed proposals will be received at the office of the Auditor of the City of Newark, State of Ohio, until 12 o'clock, noon.

### WEDNESDAY, APRIL 15TH, 1908.

For the purchase of bonds of the said city in the aggregate sum of \$25,000.00, dated the first day of April, 1908, and payable as follows:

One to ten, inclusive, due April 1, 1913.  
Eleven to twenty, inclusive, due April 1, 1919.  
Twenty-one to thirty, inclusive, due April 1, 1925.  
Thirty-one to forty, inclusive, due April 1, 1931.  
Forty-one to fifty, inclusive, due April 1, 1937.  
Fifty-one to sixty, inclusive, due April 1, 1943.  
Sixty-one to seventy, inclusive, due April 1, 1949.  
Seventy-one to eighty, inclusive, due April 1, 1955.  
Eighty-one to eighty-five, inclusive, due April 1, 1961.

Each being in the sum of \$1000.00 and bearing interest at the rate of 4 1/2 per cent per annum, payable semi-annually, issued for the purpose of establishing, erecting and building a water works system for the City of Newark, Ohio, to supply water to said corporation and the inhabitants thereof, raised February 3, 1908.

Said bonds will be sold to the highest and best bidder for not less than par and accrued interest. Any and all bids must be unconditional, and must state the number of bonds to be bid and the gross amount of any bid and accrued interest to date of delivery. All bids must be accompanied with a certified check upon some National Bank payable to the Treasurer of the City of Newark, Ohio, for 10 per cent of the amount of the bid for the purpose of establishing, erecting and building a water works system for the City of Newark, Ohio, to supply water to said corporation and the inhabitants thereof, raised February 3, 1908.

The city reserves the right to reject any and all bids. Bids shall be opened and directed to the City Auditor, endorsed "Bids for Bonds for Municipal Water Works," at the office of the Auditor of the City of Newark, Ohio, 12-5-5TH.

# George Made Good.

Now George M. Good Developed Into George Made Good.  
(A Cantering Rhyme In Nine Cantos—Look For the Next.)

## CANTO I.

Young George M. Good was a likely lad,  
With an eye to the chances main.  
Oh, an eye quite keen this youngster had,  
And a fertile ready brain.  
And he says to himself one day, says he,  
"Ho, a merchant rich I am bound to be!"  
Now, the way he did as he said he would  
Is the useful story of **GEORGE MADE GOOD.**  
(To be continued.)

## NEWARK

Bowlers Competed in Columbus  
Bowling Tournament—Took  
Third Honors.

Newark was represented in the Columbus bowling tournament that was had on the Collins alleys in that city Wednesday. In the five men team Newark landed in third place after having high score the first game. Their scores follow:

|          |     |     |     |
|----------|-----|-----|-----|
| Jones    | 129 | 153 | 189 |
| Atherton | 154 | 113 | 124 |
| Long     | 154 | 160 | 173 |
| Sprague  | 182 | 145 | 136 |
| Parriek  | 241 | 213 | 148 |
| Totals   | 860 | 730 | 750 |

In the individual bowling Dr. Barriek rolled 187, 159 and 191, making a total of 540 pins. This score landed him in seventh place. Mr. Jones also competed in the individual rolling. His score was 148, 191 and 139, a total of 478.

**It Does the Business.**  
Mr. E. E. Chamberlain, of Clinton, Maine, says of Bucklen's Arnica Salve: "It does the business; I have used it for piles and it cured them. Used it for chapped hands and it cured them. Applied it to an old sore and it healed it without leaving a scar behind." 25c. at F. D. Hall's drug store.

## COLD WEATHER

Pennant Being Won by Every Team  
in the Circuit—Going Some  
This Year.

The cold weather pennant is now being won in every city in the Ohio State league except Lancaster. The Larks seem to think that they will be perfectly satisfied if they can beat Newark, which, of course, they will have to hurry to do.

The new organization will be almost as fast as the one last year, and it is safe to say that many Ohio States will go to the big leagues at close of the season. The developing of young players is one of the principal requisites of a manager in minor league baseball and players who give promise of becoming major league material are closely watched by the magnates. Any city that develops two, three or four players and sells them to the majors each season, will

find that the baseball exchequer will be in good condition from year to year.

Berryhill has quite a reputation for bringing out youngsters and so has Ed. Ransick, the Springfield leader. Of the ability of the big commotion at Lima—Roaring Bill—in that line but little is known. McVey, at Mansfield has turned out some good ones and George Fox is exceptionally good in developing pitchers. (Cheerful Charles O'Day comes to Marion bearing an excellent reputation for bringing out the ability of youngsters. He has sent many to the top of the heap in baseball and he has secured several men this season who, he says, will be wanted by the major leagues next year.—Marion Mirror.

**WANT M'LEAN.**  
Cincinnati, March 15.—Late last night the agent of the Washington Union League club here received a telegram from his chief, President Hart, authorizing him to offer McLean a 5-year contract at \$5,500 a year, with three years' salary deposited in the bank in advance, provided Larry did not sign a Cincinnati contract. Larry had gone to bed when this proposition came, and could not be found by the outlaw agent after the telegram came. It is very certain that the catcher will not bite at any such bait.

**MEETING TONIGHT.**  
Another meeting of the directors of the ball club will be held tonight. A few minor details are yet to be cleared up and this meeting will probably be the last until the arrival of Manager Berryhill.

**WANTS TO SIGN.**  
Ty Cobb has changed his tune and is now dead anxious to sign with the Detroit Tigers. He said: "If the Detroit club wants me as badly as I want to join there will be no trouble about terms."

**BERRYHILL COMING.**  
Manager Bob Berryhill will reach Newark either March 28 or 29 according to a letter received this morning by Secretary Hopkins. Bob is in good shape and is anxious for the season to open. He has some great plans stored away in his mind and the Newark players will get the benefit of them.

"It takes two to make a bargain," quoted the Wise Guy. "Yes," assented the Simple Mug, "but only one gets the benefit of it."

## ROCKEFELLER USES THIS.

People everywhere are familiar with the fact that Mr. Rockefeller suffered greatly with dyspepsia and consequent stomach ills for years, which no amount of doctoring or money could relieve or cure. About three years ago an old physician in northern Ohio offered a prescription which quickly brought about a fast change for the better and a final cure. Mr. Rockefeller thinks he is good for many years yet, and so do his friends. The secret of the "Rockefeller Cure" has leaked out, and is offered to the reader who wants to try it and get well. Prominent druggists can get the ingredients and mix, or you can mix them at home. One ounce compound essence of Cardiol, two ounces essence of Pepsin, and two ounces syrup of ginger. Take one or two teaspoonfuls after each meal. After all it is the simple and safe home treatment that do the most good.

## DEMANDS RELIEF OF CONGRESS FROM PRESENT CONDITIONS

Washington, March 19.—With a rising and unanimous vote the conference of labor leaders today adopted a protest drafted by the committee appointed yesterday demanding of congress relief from present conditions imposed upon organized labor by the supreme court. The matter will be presented to the speaker of the house and vice president later in the day. At this afternoon's session the political situation was discussed.

## THE DRAGON FLY.

Singularly Adapted to Its Life of Aerial Piracy.

No one could fail to be struck with the singularly perfect adaptation of the dragon fly's structure to a life of aerial piracy. The four wings are large and in proportion to their weight enormously strong. Each is supported by a wonderfully arranged network of slender ribs, which give the necessary rigidity to the thin, transparent membrane forming its basis. The muscles by which the wings are moved are massed in and powerful and are so arranged among themselves that the animal is capable of steering its course with an unerring accuracy which any bird might envy. In this power it is largely aided by a marvelous keenness of sight, for in addition to the two great, gorgeously colored compound eyes which make up so much of the head the insect possesses three smaller "simple" eyes, making five eyes in all. The prey when overtaken is seized and devoured by means of powerful, sharply toothed jaws.

An animal which lives such an active life naturally requires a very perfect breathing apparatus, and this is amply provided by a system of holes on the sides of the body which open into an elaborate network of air tubes, supplying every part of the system. The air in these tubes is constantly renewed by the regular compression and dilatation of the body by special muscles.—Chambers' Journal

## HIBERNATION.

How and Why Some Animals Exist All Winter Without Food.

The philosophy or nature of hibernation and why and how it is that the hibernating creatures can go so long without food are interesting studies.

In the first place, the creature in order to enable it to sustain life throughout the long winter during which it hibernates is endowed with the capacity of accumulating within its body a large quantity of fat. This fat is to the animal what a well stocked coal cellar is to a fire, and until the whole of it has been consumed the tissue of the body proper remains untouched. It has been ascertained that animals can endure the waste of tissue until it amounts to 40 per cent of their normal weight. Should the weight be reduced beyond that point the result is death. But nature comes to the rescue of the hibernating creatures in another way. When the hibernation begins, respiration and digestion almost cease (in some cases they cease absolutely), and the circulation is only just active enough to sustain life. As a consequence of this the wear and tear is reduced to the minimum, and the creature is enabled to pull through.—New York American.

**How to Choose Fish.**  
In selecting fish remember that it should be firm to the touch. If pressed by the finger, the flesh should rise again instantly. There should be no impression left. If fish is fresh, the eyes are bright, the gills red and the scales not easily rubbed off. In choosing lobster, by the bye, take the tail and pull it away from the body. If it is elastic and springs back, the lobster is fresh.

**Horses and Music.**  
Regimental horses have been the subjects of musical tests, and nearly all enjoyed the experience, only a very small percentage of the animals remaining indifferent to sweet harmonies, while equally few showed active dislike. The great majority were soothed, inspired or excited by music. Most of the horses, like the war chargers one may suppose them to be, enjoyed the bugle above any other instrument and neighed gallantly when it was sounded, but thoroughbreds and colts generally were found to prefer the shrill treble of the fife, which roused them to great and sometimes unmanageable enthusiasm. This was the more significant because the fife was an unfamiliar instrument to them, not being generally used, as is the bugle in the French army.—Paris Cor. London Telegraph.

## FIRST GAME

WILL BE PLAYED IN SEVENTEEN DAYS—FANS ARE "ON THE BIT"

## THE PENNANT RACE

Every Team Has Flag Chased According to Dope Writes Over the Circuit.

The few nice sunshiny days the past week have started the fans worse than ever, and when the news was published that the directors had selected the uniforms for the coming season, it only added fuel to the flames. But cheer up, Mr. Bug, reporting time is only 13 days away, and it is only 17 days until the first game.

The kids have on advantage over the older fans, for they can work off steam by actual playing, while the elder fan is compelled to take his out in talk. Already several exciting games have been played by the youngsters behind the bill boards and some great sand lot games have been pulled off.

Maybe all their twirlers didn't show up in last season's form, for they were pulled from behind the bet or from the short infield to take their turns at the slab, but some of the heavens showed up in good shape, and puzzled the batter with all kinds of twisters.

Over the circuit the talk is the same. Lima and Springfield have already won the flag and since Marion, Mansfield and Lancaster will have it flying at their masthead by 1909, the Newark fans are trying to figure out just where the Molders will come in. There is just one trouble though. The other towns seem to have overlooked the fact that Manager Bob and his men are to be reckoned with, but they will get next to that fact before the season is very old.

If by some mistake the Molders do not capture the flag the team that does will have to go some and will know they have been playing ball hunting to float from the grand stand at Wehrle park in 1909. Berryhill has set his lamps on that rag, and he But chances are favorable for the want it badly, so the rest of the teams can figure on a fine and dandy little race this year.

All the managers over the circuit have decided that the pennant shall fly from their flag-poles, and the sportswriters have nailed it to the masthead in their respective towns, so it advance dope is good for anything the race this year will be a mighty pretty one.

The sportswriters in the Ohio State league are a bunch of boosters to be proud of, and if the teams don't receive all the encouragement that is coming to them it will be because they don't deserve praise. So it boosting helps to win games the people who shoot their two bits through the ticket window, to see the game, will not be disappointed.

Trial Package Mailed Free to All  
in Plain Wrapper.

Piles is a fearful disease, but easy to cure if you go at it right.

An operation with a knife is dangerous, cruel, humiliating and unnecessary.

There is just one other sure way to be cured—painless, safe and in the privacy of your own home—it is Pyramid Pile Cure.

We mail a trial package free to all who write.

It will give you instant relief, show you the harmless, painless nature of this great remedy and start you well on the way toward a perfect cure.

Then you will get a full-sized box from any druggist for 50 cents, and often one box cures.

Insist on having what you call for. If the druggist tries to sell you something just as good, it is because he makes more money on the substitute.

The cure begins at once and continues rapidly until it is complete and permanent.

You can go right ahead with your work and be easy and comfortable all the time.

It is well worth trying.

Just send your name and address to Pyramid Drug Co., 92 Pyramid Building, Marshall, Mich., and receive free by return mail the trial package in a plain wrapper.

Thousands have been cured in this easy, painless and inexpensive way, in the privacy of the home.

No knife and its torture.  
No doctor and his bills.  
All druggists, 50 cents. Write today for a free package.

**CARD OF THANKS.**  
We desire to extend our sincere and heartiest thanks to our neighbors and friends who so kindly assisted us during the long suffering illness and death of our husband and father, Homer Fulk, whose death occurred last Saturday, March 14. We also desire to thank our friends for their beautiful floral offerings. The Family.

## MAN WHO BACKED JEM ROOCHIE.

RICHARD CROKER

## CON GAME

Worked on American Talking Machine Company by Man Who Skips Town.

Music hath charms, said some old sage, and according to Roy Baird, employed by the American Talking Machine company of West Church street, it charmed Perry Robinson to the extent of 36. Perry worked a beautiful con game on the firm and then skipped out after he had sold a graphophone for \$5.

But this is the way it happened. Robinson went to the store recently and looked at the different makes of talking machines and finally selected an outfit that cost \$26. He represented to the firm that he was the sole owner of three houses and lots, and after he dished up his spiel and made it stick he said he wanted to take the machine home and show it to his wife.

If his better half liked the outfit he would buy it for her dearly loved, in fact doted on music. He got the machine but instead of taking it home he sold it to a man for \$5. When their customer failed to return and when they couldn't find him they reported the matter to the police and Roy Baird swore to a warrant charging Robinson with obtaining the machine under false pretenses. The police are looking for him but so far he has eluded their search.

## MR. HARRY J. PAYNE

Receives Nice Promotion to Chief of Electricians at Pittsburg—Will Remove There Soon.

The friends of Mr. Harry J. Payne, the popular young man who has held the position of chief electrician for the B. & O. railroad at this point for the past five years, will be pleased to learn that his work has been of such a satisfactory nature as to merit for him a promotion to the position of chief electrician for the company at Pittsburg.

The step from a plant the size of the one here, to the management of the extensive one in Pittsburg, which also includes the suburban shops at Allegheny, Glenwood and Foxburg, is indeed a big promotion, but one for which Mr. Payne is wholly capable.

Mr. and Mrs. Payne will remove to Pittsburg in the near future, when his successor here, W. W. Heaps, of Baltimore, Md., will arrive to take charge of the plant. Mr. Payne's parents, former Newark residents, now live in Columbus, where his father is associated with the freight department of the railroad.

## WORK SEEKERS ENGAGE IN RIOT

Cleveland, March 19.—Fifty men seeking work at the Cuyahoga plant of the American Steel and Wire company engaged in a desperate riot today, as the result of a contest for places of vantage in line. Pistols, clubs and stones were used and one man was fatally shot. Others were badly injured. The police finally stopped the riot and arrested ten men.

Two Gothic figures torn from French cathedrals by the mob in the French Revolution have found their way to the New York Metropolitan Museum of Art.

Of the 89 Senators sworn in and serving 22 have been governors of their States. Ten of these members are Republicans and 12 Democrats.

Back talk will seldom get a fellow to the front.

## Bald?

Why wait? Treat your dandruff now, and escape baldness. Your doctor will tell you why Ayer's Hair Vigor destroys dandruff.

Judging from the tops of their heads, some people like hard-wood floors! Too late now for Ayer's Hair Vigor to completely cover this upper story, but you may add a rug or two here and there by the systematic use of Ayer's Hair Vigor. Does not color the hair. Formula with each bottle. J. C. Ayer & Co., Lowell, Mass.

## Taylor Hall

Herbert Leon Cope, Humourist.

A great humorist with a serious purpose. The most popular humorist on the platform. "GOOD! GOOD! GOOD!!!" says Senator Burrows. Mr. Cope will give his popular lecture.

The Smile That Won't Come Off

Sixth number in the Y. M. C. A. Star Course.

ADMISSION 25 CENTS.

## LEGAL NOTICE.

Alfred Stevens, of Baltimore, Maryland, and Clarence V. Skinner, residence unknown, are hereby notified that on the 2nd day of March, 1908, the Council of the City of Newark, State of Ohio, duly passed a resolution to improve Clinton Street from Locust Street to the north line of lots 46 and 48, by constructing a drainage sewer therein, in accordance with the plans, profiles, specifications and estimates on file in the office of the Department of Public Service. That the cost and expenses of said improvement will be assessed by the front foot on all lots and lots abutting and abutting on the proposed improvement. By order of the Council of the City of Newark, Ohio.

W. F. WULFHOOPE, Clerk. 3-19-08

"STAR BRAND SHOES ARE BETTER." STEPHAN'S DEPT. STORE.

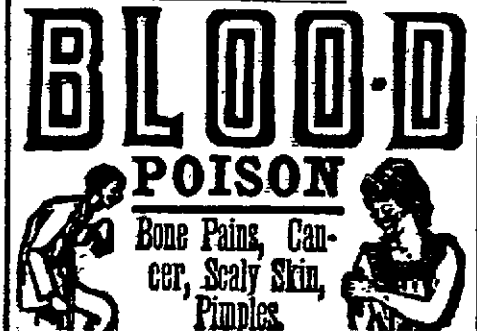

## IRON TRADE REVIEW

Cleveland, March 19.—Some signs of improvement can be noted in the market this week, especially in tin plate, wire and tubing. Bids for the lock of the ship canal at Black Rock harbor near Buffalo, involving 7,000 tons of sheet piling, were opened Saturday, and the contract will in all probability be awarded to McArthur Bros., of New York City, one of the bidders for the digging of the Panama Canal. Some contracts for fair sized tonnage of structural material have been awarded, a large part of the business going to independent interests, and a considerable number of new projects will probably be carried out at a not far distant date. A gradual improvement is shown in sheets, and the capacity in operation is gradually increasing.

The pig iron market continues dull, and no sales of importance have been made. Considerable southern iron has been sold on a basis of \$12.00 Birmingham for No. 2, but sales have also been made at a higher figure. In the central west the new schedule is being generally adhered to, but some interests are making concessions without succeeding in taking many orders.

The coke market is weak and there is very little activity. The fear of a strike of coal miners has had very little effect. The old material market is not active and prices are irregular.

Two souls with but a single thought generally double up.

Many people suffer from Blood Poison and don't know it. Read Symptoms. Easily cured by E. B. B. If you have aches and pains in bones, joints or joints. Itching, Scabby Skin, blood feels hot or thin; Swollen Glands, Itches or Bumps on the Skin, Sore Throat or Mouth, falling hair, Pimples on the face, eruptions, Cancers, Sores, Lumps or Sores on Lips, Face or any part of the body. Rash on Skin, are run down or nervous, Ulcers on any part of the body, Carbuncles or boils, TAKE BOTANIC BLOOD BALM (E. B. B.) GUARANTEED to cure even the worst and most deep-seated cases. E. B. B. dries all poisonous matter from the system and sends a flood of pure rich blood directly to the skin surface. In this way, Sores, Eruptions, Pimples and every evidence of Blood Poison are quickly healed and cured completely, changing the entire body into a clean, healthy condition. Thousands of cases of syphilitic Blood Poison cured. E. B. B. after all other treatment failed. If you have been disappointed of a cure by other treatment, give E. B. B. a trial. It will be the very remedy your system needs.

RHEUMATISM OR FOUL CATARRH with shoulder pains, hawking or spitting, headache, cramps, even old rheumatism cases are quickly cured by Botanic Blood Balm (E. B. B.), because these troubles come from Blood Poison.

ITCHING ECZEMA, watery blisters, open, itching sores of all kinds, all leave after treatment with E. B. B. because these troubles are caused by Blood Poison, while E. B. B. kills the poison, makes the blood pure and rich and heals the sores and stops the itching forever. It is wonderful how E. B. B. cools the blood—how quickly the pimples and lumps disappear, while in their place, E. B. B. gives a smooth, rosy skin, with the red hue of pure, rich blood.

BOTANIC BLOOD BALM (E. B. B.) is pleasant and safe to take; composed of pure Botanic ingredients. It purifies and enriches the blood. SAMPLES SENT FREE by writing Blood Balm Co., Atlanta, Ga. SOLD BY DRUGGISTS or sent by express, \$1.00 PER LARGE BOTTLE, with complete directions for home use.

Sold in Newark by Frank D. Hall's drug store, N. Park Place. Call or write.

A man cannot add to his stature by treading on other people's toes.

### OF INTEREST TO MEN

The Complete Showing of This Season's Correct, New York Styles Made Specially For Hermann, the Clothier, by Alfred Benjamin & Co.

The "Meadowbrook" Overcoat gets its name from one of the most fashionable hunting clubs near New York.

It gets its name honestly, too, for it is the type of overcoat that will be worn by many New Yorkers who are members of the Smart Hunting Set.

The "Seabright" Sack Suit derives its title from one of the most fashionable resorts in easy reach of the Metropolis. It is in the accepted style of this season and will be generally worn by business men, bankers and professional men.

The "Broadway Box" and "The Manhattan Top Coat" come by their names with equal right.

They were designed and made in New York by Alfred Benjamin & Co., whose tailor shops are but a block from Broadway—a minute's walk from Fifth avenue.

But you don't have to live in New York to wear these fashionable New York clothes.

Hermann, the Clothier, of this city distributes here the products of Alfred Benjamin & Co., thus making it possible for our men to be as correctly attired as any man in New York.

Hermann, the Clothier is making a special display this week of "Benjamin" Correct Clothes for Men and invite all who are interested in Men's Apparel to visit their store. It

### A Cure for Misery.

"I have found a cure for the misery malaria poison produces," says R. M. James, of Louellen, S. C. "It's called Electric Bitters, and comes in 50 cent bottles. It breaks up a case of chills or a bilious attack in almost no time; and it puts yellow jaundice clean out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints and the misery of lame back. Sold under guarantee at F. D. Hall's drug store.

Wanted, 25,000 people to drink Wiedemann's famous Beck Beer. Now on tap. It's unsurpassed. 14-6t

## RIOTERS BESTED BY THE POLICE

DEMONSTRATORS VISITED CEMETERY WHERE VICTIMS OF 1848 RIOT LIE.

Were Driven Back When Attempt Was Made to Visit Kaiser's Palace in Berlin.

Berlin, March 19—One hundred and fifty to 200 persons are estimated to have been hurt in last night's rioting which the socialist demonstration in memory of the revolutionists killed in the street fighting here March 18, 1848, finally culminated. The demonstrators' visit to the cemetery where the 500 victims of the 1848 riots lie, and even the meetings which followed throughout the city and suburbs, passed off quietly, but when processions tried to march to the Kaiser's palace and the various government buildings, the police stopped and drove them back with the flat of their swords.

There were 12 or 15 engagements raging simultaneously until after midnight. Many women were among the injured, but so far as known, no one was fatally hurt.

## CANCER CURED IN TEN DAYS

A Discovery That Has Startled the Medical World.

I have discovered what the medical world has been looking for, for years, a sure cure for cancer, so sure that it can be absolutely guaranteed. This I do, and I can prove it. I have cured hundreds of the most horrible cases in from 10 to 20 days, after celebrated physicians and surgeons had given up all hope of saving them.

After you have seen the marvelous results of this treatment, you will be surprised how easily you can cure yourself at home without risk or danger.

I have one of the finest sanitariums in the country for those who wish to come and have my personal attention. However, you can cure yourself just as well at home. Any bank or business firm in Lebanon will tell you we are reliable and successful in curing cancer.

Fill out the free coupon below with your name and address and send it to-day.

FREE CANCER COUPON.

### PLEASANT VALLEY.

Mrs. Perry Cullison and son Cary spent Wednesday with friends at Mr. Mathew Frost of Meadow View spent Friday at the home of G. W. Pilest.

Mrs. Willis Priest spent Thursday afternoon with Mrs. Perry Cullison. Mrs. Emma Varner spent Saturday afternoon with her daughter, Mrs. I. E. Divan.

Miss O. E. Booth spent Sunday afternoon at the home of W. H. Booth.

Mrs. Sarah Weekley and Mrs. G. W. Priest spent Monday afternoon at the home of Perry Cullison.

Messrs. Ashcraft and Eckerd moved their saw mill Saturday from the W. O. Beckham farm to Jessie Hoover's farm.

Mr. Thomas McWilliam and Fred Cullison spent Saturday in Newark.

The Epworth League was well attended here Sunday night.

### PLEASANT SURPRISE PARTY.

Bladensburg, March 19—Miss Stella Morris was pleasantly surprised by a party of young folks Saturday afternoon, it being her 16th birthday.

The afternoon was spent in games and music, after which a delightful lunch was served to the following guests: Misses Anna Vanwinkle, Grace Dugan, Verna Fry, Rosamond Rinehart, Pearl Fry, Maggie Cessna, Alma Vanwinkle, Anna Frampton, Stella Cessna, Lena Wright, Blanch Vanwinkle, Ella Cessa, Stella Morris, Mrs. Herman Morris, Mrs. Eliza Morris, Mrs. E. Morris, Mr. W. Cullison. At a late hour all departed, feeling that the evening had been well spent and wishing Miss Stella many such happy birthdays.

## CLOSED

CIGAR STORE IN UTICA WHERE STRIKERS HELD FORTH—TURNS THE KEY.

Death of Well Known Citizen, Who Leaves Large Family—Other Village News.

Utica, March 18—The cigar store in the old American House block, operated by August Applegate, has been closed up and the cigar cases sold to Howard Shauk, who runs a news stand next door south of it. The store has been headquarters for the strikers all winter. It is understood that Applegate has gone to Lancaster.

Will Archer has removed from the village and taken a position with a toilet preparation company as traveling representative.

Several families of striking glass-workers have moved from Utica, Ed Weed has moved to Newark and Jake Yottis to Kansas.

Maholm Stout died at his home on North street last Thursday afternoon of consumption. He had been in ill health for several years, but had been confined to the house only the past few months. Mr. Stout was 58 years of age, and is survived by his wife and 11 children, several of whom are married. Funeral services were held at the home Saturday morning, Rev. Mr. Chapman officiating. The family accompanied the remains to Gilboa, Putnam county, where burial was made.

The Licking factory now has every shop full, and is having a run of glass unexcelled elsewhere in the United States.

Miss Minnie Lane of Pataskala, visited friends here the past week.

An 11 pound daughter was born to Mr. and Mrs. Ora Grainger last Friday morning.

A daughter was born to Mr. and Mrs. Nelson Jenkins last Tuesday.

Mrs. Benjamin Carroll who, with her daughter has been visiting at the home of her brother, Robert Tyler, the past few weeks, was called to her home in Kentucky last week by the news of the death of a nephew.

Mr. Tyler and daughter Alice accompanied them home and remained until Tuesday.

Frank Sutherland, of the National Supply company, has been transferred from Utica to the company's store at Sugar Grove. He will assist George Egert, the manager of the store at that place.

### SCIENCE HILL.

Dr. H. C. Dicus is building a cottage near the Thorny Point school house.

Mrs. George Hunter is visiting her daughter, Mrs. Carrie Sherman of Pittsburg, Pa.

Thomas Popham and family were the guests of G. W. Popham Sunday. Charles Cloggett has moved on the Mrs. Felix Harris farm, vacated by Mr. Popham, who has moved on the Hugh Clutter farm.

Prof. Hull resigned his position in the Hill school to accept a position in the Hull college.

John Popham of Utica was a guest of his parents Sunday.

Miss Ella and Miss Bessie Popham were guest of Miss Fane Davis, Sunday.

George Moxlin and wife of St. Louisville were guests of B. J. Edman, Sunday.

Calvin McClellan, who has taken a trip through the southwest, returned last week.

John Hunter has contracted to build a cellar for H. C. Dicus' new house.

Joseph Warner and family, who have been visiting relatives and

Among all others  
no Steel Range  
like this

## The Born Steel Range

THIS remarkable range is known the world over for its wonderful cooking and baking qualities and is the range selected by careful thinking housewives. These are just a few of the great features of this great range:

Adjustable flue-trip—making it possible to use any kind of fuel.  
Flash reservoir next to the fire—you can have hot water when you want it.  
Direct damper operated from the front—easy to reach—and right where it should be.

Patent removable, non-warping, even bottom—always smooth and level.  
A kickler feed door—which can be opened or closed by a slight pressure of the foot—you don't have to burn your fingers.

¶The Born Steel Range has many more distinctive strong points that we will be glad to show you—if you will give us the chance. ¶The first steel range in the world was built by Born over a quarter of a century ago. Each year the range has improved, and is today the most successful stove for sale anywhere—by anyone. ¶We can prove absolutely every statement we make—and show you the proof. We would like to show you whether you buy or not.

ELLIOTT HARDWARE CO.,  
LOCAL AGENT. NEWARK, OHIO.

THE BORN STEEL RANGE CO.  
CLEVELAND, OHIO.

friends here this winter, have started for their home in Washington state. John and Charles Chopson were the guests of Virgil Bell, Sunday.

Glen Cooksey and Rev. Mr. Walker were the guests of Mrs. Burr Van Wey, Sunday and Monday.

Gas drilling is quiet around here this winter.

## GOOD GAS WELL

Drilled in on Farm of Wm. Barwick, Near New Way—Shot Greatly Increases Flow.

The gas well, which was being drilled on the farm of Mr. Wm. Barwick, near New Way, came in the sixteenth with a half million in twenty-three feet of sand. They shot it to the seventh and increased it to a million and a half.

## FLORY TRACT IMPROVEMENT

Work is Progressing Rapidly and the Grounds Are Taking on a New Appearance.

"An opportunity improved is the base of good citizenship." The home loving people of Newark have an opportunity to get a location for homes that will undoubtedly never come to them again—central and ideal in every particular.

We wish to say to the citizens of Newark that neither effort or money will be spared to make the ground of the Abram Flory homestead one of the most beautiful places in Newark. Mound street will be extended and paved, cement walks laid, and every thing done to make it a desirable residence section.

Arrangements have been made with Mr. O. J. Hawkins, one of the very best architects and builders, to take charge of the building, and we are prepared to furnish plans, specifications and estimates on any style of house desired.

When you consider that I have my own carpenters and plumbers—men of experience—and buy all material at wholesale, it certainly is business and to your interest to see what I can do for you. FRED C. EVANS, 23 and 35 West Main St. F. H. Keenen, Salesman. 14-eod6

### JOHN M. SWARTZ, Attorney-at-Law.

Practices in all courts. Will attend promptly to all the business entrusted to him. Special attention given to collections, administration of estates, accounts of administrators, executors, guardians and trustees, carefully stated and attended to. ## SPLENDID IMPROVEMENTS WHICH WILL BE MADE AT BEAUTIFUL CEDAR HILL

Improvements at Cedar Hill cemetery, admitted to be one of the most beautiful of the silent cities of Central Ohio, to the extent of approximately \$15,000 will be commenced soon. In fact some of these improvements have been begun already. When completed, it is believed that Newark will have the most beautiful burying grounds of any city of its size in the whole state.

The most important movement to be taken up by the board of trustees will be the paving of the entire length of the principal drives of the cemetery proper. This will mean that fully three miles of driveway will be laid in brick, with cement curbing and drainage gutters. It is planned to expend about \$5000 toward this end during the present year, the remaining two-thirds of the paving to be done as early as the trustees can secure the means.

So far, Cedar Hill cemetery has secured no aid from the city, being self-supporting to such an extent that by means of assessment for lot improvements and other odd jobs, the trustees have been enabled to provide a fund which at present amounts to between \$5000 and \$6000. This is being used as the starter for the extensive improvements already planned.

An addition of 34 acres was recently secured for the cemetery, half of the tract being of the Evans estate and the remainder being a part of the Warner tract. The new addition lies on the west and south of the grounds proper, and will be enclosed very soon with a fancy wire fence two-thirds of a mile long. This will give Cedar Hill a total of 75 acres which it is planned to use for burial purposes.

There is a tract of ground lying between Cedar street and the first drive to the west, running north and south, known as the East ground, where many bodies have lain for years without care and attention. The graves have been sunken and the ground has become uneven and unattractive. Although there are 540 graves at this point, there are not over a dozen markers to be seen. The last burial made there was in 1880.

Superintendent A. J. Crilly announced Thursday that this ground will be filled in properly, graded and sodded and that the graves will be decorated with cement markers which will bear names to correspond with the names they represent on the cemetery records.

In this old East ground, lies, among others, the remains of the famed Gypsy queen, known to her loving people as "Queen Emma." The records show that her name was Emma Young. She was born in England in 1844 and died in this city in her camp, near the Licking county fair grounds, on July 28, 1882. Quite an imposing monument was erected by her people over her grave.

The improvement of this part of the cemetery will mean much to the appearance of the grounds, as the graves of the unknown are located in a part of the silent city that is indeed very beautiful. This improvement alone will cost about \$500.

A drainage ditch 2000 feet long, five feet deep, and containing 16 inch tile, will be dug to drain the section of the grounds lying west of the summit of the hill. This ditch, with its branches will make use of a much larger area for burying purposes. Besides this improvement, a number of trees are being purchased for the new sections, 12 and 13, situated to the far northeast of the main gate.

A glance over the well kept records of Newark's beautiful city of the dead reveals some interesting facts concerning the 9633 loved ones who rest peacefully there. Some graves show the result of recent burials, where many a weeping child, father, or mother, have lingered to pay the last respect to the one who seemed most precious of all to them. Other graves bear testimony to long years of silent witness to the storms and sunshine, the rains that have brought blossoms to the slowly withering flowers implanted on graves about them, or the howling winds that rocked the stately cedars and gave them strength and beauty.

Of these older and more weathered graves there are many. The first body to be interred in a lot in Cedar Hill cemetery, was that of May Vandine, aged 52, who died on December 15, 1850, and was buried in Cedar Hill the next day. Possibly the oldest grave on the grounds is that of Jackson Stump, whose body was brought here from Nashport, and who died in 1842.

There are over a hundred graves in Cedar Hill, some marked, and some not, of those who succumbed to a dread epidemic of cholera which invaded Newark about 1852 and cost many lives. These were nearly all buried in the northwest corner of the cemetery, across the creek, known as the Old Grounds, and containing 41 acres.

The improvements proposed by the trustees and which will be ably overseen by Superintendent Crilly, are much needed and will doubtless require some time to complete, but when finished, will make Cedar Hill a beautiful addition to Newark's many points of interest for sight-seers and visitors.

### THIS IS DAD, ALL RIGHT.

Who is it hardly ever talks, and when he's riled just smokes and walks, and when his kids is makin' noise, can stop us with a quiet "Boys." Who always knows just what to do, and never tires o' helpin' you. Who swears there's nothing else in sight to equal that 'ere Spartan White. —My Father. Spartan White Lead is the best lead made and is scientifically correct. Manufactured by The Marietta Paint & Color Co., Marietta, Ohio. Sold by Newark Paint Co., 31 West Church street.

## CONDITION CRITICAL

**SURGEONS HAVE FAILED TO REMOVE BULLET OF RUSSIAN DUELIST.**

**General Fock Has Another "Affair" on Hand—Second Wrangling Over Conditions.**

St. Petersburg, March 18.—General Smirnov, who was shot in the abdomen in a duel with General Fock, his fellow officer at the defense of Port Arthur, remains in a critical condition at the military hospital here. There are no serious developments from his wound yet, but the surgeons have failed in several attempts to remove the bullet and it is believed an operation will be necessary. In his weakened condition, the patient will be in the gravest danger.

The second have not yet agreed upon the terms for the duel. General Fock is to fight next with General Gorbatsky, who was quite as outspoken at the recent court martial as General Smirnov in criticisms of Fock's conduct at Port Arthur. The controversy is over the question of distance. Fock's seconds insist upon five paces, while Gorbatsky's want fifteen. The two officers will fight as soon as an agreement is reached.

# White Fair Week

The Best Time of All the Year to Buy White Goods

All stocks of White Goods have been reinforced, doubled, trebled, and PRICES ARE MUCH BELOW REGULAR. The success of this sale is the result of our keen, shrewd, modern method of merchandising—our taking quick advantage of saving opportunities brought about by trade conditions, securing vast quantities of new spring merchandise at remarkable price concessions.

Now Comes the Great Saving Time on Good Linens

Its a Linen Aristocracy that figures in this White Fair Week. Picked qualities, beautiful and durable, just the kind that a housekeeper is proud to have in her linen closet. Bear that in mind when reading these prices which are lower than you often pay for linens much less desirable.

### Table Damasks 25c

## FOREIGNER

**Assaulted Tuesday Afternoon Swears to Ah-davit—Harry Ramey Arrested Last Night.**

Charged with being one of a party of boys that assaulted John Marisau, 19, a Roumanian, employed at the Everett glass factory, Harry Ramey was arrested about midnight Wednesday night by Officers Abbott and Shively, who had a warrant for his arrest. The patrol was called to box 7, Webb and East Main streets, and Ramey was turned over to Wagonman Brown.

The assault took place near the Everett factory about 4 o'clock Tuesday afternoon while Marisau was on his way to work. He is employed as a snapper on the night shift. He claims that a party of young men or boys jumped out at him and felled him several times with a club. A fellow laborer, Augustine Sissa, called a carriage and took the injured man to the office of Dr. Cosnier.

A gash four inches long was cut in his head and six stitches were required to close the wound. Marisau accompanied by Sissa later filed affidavits against his assailants with the result that Ramey was arrested last night.

## TELEGRAPHY

**School Opens Next Week—Course is Lengthened—Splendid Opportunity to Learn a Trade.**

A new school is being organized in Newark that offers a splendid opportunity to young men for learning a profitable trade. Recent laws enacted requiring railroads to make eight-hour tricks for telegraphers has not only made a great demand for competent men, but has made this line of work a very desirable one. Many men dropped out of the work or stayed

out because of the long 12-hour trick. Then again the demand for good telegraphers has greatly increased and the companies are constantly on the hunt for efficient men. From 20,000 to 30,000 more telegraphers will be needed this year. Are you going to be one of them? It is an old adage that promotion begins at the key.

A School for Telegraphers is being added to the Y. M. C. A. Night School and will begin work next week. The course has been increased to four months, with class sessions three times each week, Monday, Wednesday and Thursday for two hours. The Association is fortunate in being able to secure the services of a telegrapher of wide experience. Mr. J. D. Newham, for ten years a dispatcher for the B. and O., will teach the class and is well qualified for the position.

The committee in charge have lengthened the course in order to give the best possible preparation to the men. The fee for the course of four months will be \$15, including a Y. M. C. A. membership. A 10 per cent reduction will be allowed for cash. Class begins next Wednesday.

### SPRAINS.

Any sudden turn or twist which may throw a member out of its normal position is likely to cause a Sprain, which is really a sudden and more or less serious wrench or twist of a ligament or of the muscles controlling the ligaments. Use hot water for bathing the sprain; dry the surface and apply ST. JACOB'S OIL, as for Soreness and Stiffness. 13-2

Horse clippers and sheep shearing machines at Newark Hardware Co., 23 West Main street. d-16-6twt
